100% Digital PrintingGetting Started

Getting Started with 100% Digital Printing:

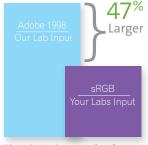

Why Digital Printing?:

- No chemicals, which can cause color variances from print to print.
- Digital technology allows us to print your image exactly the same today, in 6 months, or in 60 years.
- We accept ANY color space!
- Send us your image in its original color space whether it's an sRGB or Adobe 1998.

Get Started with a Leather Bound Paper Sample Album.

See Page 29

A larger input color gamut allows for more

Largest Input

Capturing your image in a larger color space, like Adobe 1998 compared to sRGB, can have a positive impact on your image. Because there are more colors available to create your image, it will print more accurately to the way it looked when it was captured.

This larger print gamut enables Our Lab to produce the best image quality in the industry.

Largest Output

Our 100% digital process has a 54% larger output color gamut than every other process. Just as with input color spaces, a larger output color gamut significantly improves the way your image prints, and it will print just as it appeared when it was captured.

Canvas ProductsGallery Wraps

Canvas Gallery Wraps

Canvas prints are a high-end, high-margin product with studio mark-ups up to ten times their cost. Your pricing and profit margin will depend on your level of photography and your clientele.

Photography by: Picsee Studio

Included in the price, each gallery wrap is:

- Inspected and color corrected by a professionally-trained technician
- Printed directly onto our premium-quality, professional-grade canvas
- Stretched on a custom-built wood frame by expert artisans
- Protected with a UV Coating
- · Retouching available for a nominal fee

Available in sizes:

- 6x6" to 56x120"
- · Any custom size in between

Design any border and our professional production team will perfectly align it to wrap around the edges of your canvas frame.

Available in thicknesses of:

Thin Frame

Standard Frame 1.5"

Thick Frame 2.5"

Wrap Options

Natural Gallery-Wrap Your image naturally wraps around the edges of the stretcher frame.

Color Border
We can match any
color to use as a
border that wraps
around the edges of
the stretcher frame.

Digital Stretch
If you don't have
enough image to
naturally wrap or you
don't want a color
border, we can perform
a "digital bleed" that
will give the illusion of
a natural gallery-wrap.

Word Wrap Print favorite sayings or words from your client's session on the sides of your canvas. We'll make sure that your word wraps are aligned perfectly on the stretcher frame.

Canvas ProductsCanvas Float Wraps

New Canvas Float Wraps

Our premium quality float wraps are mounted to a solid board and are only 1/2 inch thick. They come with either metal hardware in all four corners or with an individual wood cleat. Both give the illusion of your canvas floating a 1/2 inch away from your wall. Available in Traditional Luster Canvas or new Metallic Canvas. Sizes 4x6 - 30x40.

Wood Hanging Cleat

Metal Hanging Hardware

NEW Metallic Canvas

A ground breaking new process where your image is printed directly to our premium canvas with a stunning metallic finish.

Canvas Products Canvas Floating Frames

Canvas Floating Frames

Floating frames are a unique, high-end, low-cost framing option for clients who like the three-dimensional look of gallery-wrapped canvas, but want the added style of a custom, solid-wood frame. Our frames leave a ½" space between the canvas and edge of the frame.

Canvas Products Canvas Blocks & Print Wraps

Canvas Blocks

Our latest addition to our canvas product line is the high-quality, super durable Canvas Block. Your image is printed directly on a UV-coated satin finish canvas and professionally wrapped around a solid block base. Price includes hanging hardware and black mat board backing. Please note that these canvases are not the traditional Gallery Wrapped and Handstretched Canvases.

Print Wraps

Identical to our Canvas blocks but available in 100% digitally-printed fine art Luster paper. Print Wraps are coated with velvet UV laminate to protect your image and then wrapped around a solid block base. Price includes hanging hardware and black mat board backing.

Canvas Blocks and Print Wraps have a 1.5" depth and come in the following sizes:

Standard

8x10"	20x30"	
11x14"	24x30"

100% Digital Prints Roundouts™ and Standouts

Roundouts™

An exclusive twist on the standout, and you can't find it anywhere except Our Lab. Roundouts™ hold your image 1 1/2 inches away from the wall in a solid, earth-friendly wooden base, not in plastic laminate or foam core. They are a unique display option that gives your images a lasting impression.

Choose from three environmentally-friendly wood base colors:

Paper Options:

Choose any of our Hahnemühle or Traditional Fine Art Papers

Roundouts™ are available in 5 sizes: 8x10, 11x14, 16x20, 20x30, and 24x30.

Standouts

Standouts are constructed using a lightweight panel of polystyrene foam. The front and back are finished with a smooth, moisture resistant sheet of solid hi-impact polystyrene. The edges are banded black for a finished look. These come pre-drilled with four holes on the back panel, one at each corner, for easy hanging.
